

# Assigning Content to Students or Classes

Teachers have the option of assigning content to a class or individual students from three different locations within Discovery Education Streaming - My Classrooms, My Content, and from the Video Page.

Once assigned, students can complete the assignments by logging in with their student username and password at [www.discoveryeducation.com](http://www.discoveryeducation.com).

## Assigning Content within My Classrooms

To assign content to a class or student from your My Classrooms section, click on the My Classrooms icon on the top right-hand side of the webpage.

There, you will see a list of the [classrooms you have created](#). To assign materials to a class, click on "View Assignments/Results" under Actions next to the classroom.

Classrooms	Students	Start Date	End Date	Actions
▼ Science Class	1	01/06/10	01/07/10	<a href="#">View Assignments/Results</a>   <a href="#">Edit Class</a>   <a href="#">Delete Class</a>
<b>Student Name</b>	<b>User Name</b>	<b>Actions</b>		
User, Student	student.user	<a href="#">View Assignments/Results</a>   <a href="#">Edit Username/Password</a>   <a href="#">login to DE</a>		

Within Assignments and Student Results, you will see a list of items you have previously assigned to this class. To assign new material, click on "Assign Additional Materials".

## Assignments and Student Results for User, Student

Choose a class to see all assignments associated with that class.

- choose classroom - ▼

Below are all of the assigned materials assigned this student. You may directly edit those assignments which have been directly assigned to this student. Or if the assignment was assigned at the class level . . .

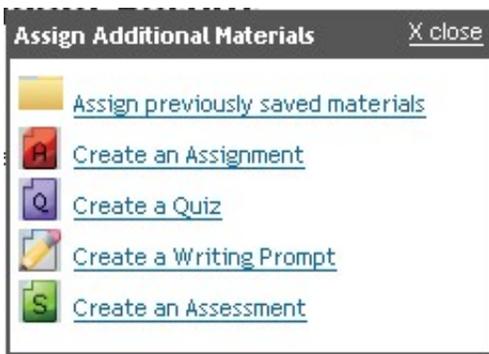

If you would like to assign more materials to this class, click here:

[Assign Additional Materials](#)

Assignment Name	Type	Assigned	Due	Completed	Results	Assigned To	Actions
<a href="#">Science Quiz</a>	Quiz	01/06/10	02/05/10	01/06/10 10:52 AM CST	<a href="#">100.0%</a>	Student	<a href="#">Modify</a>   <a href="#">Edit Date</a>   <a href="#">Un-Assign</a>   <a href="#">Allow ReTake</a>

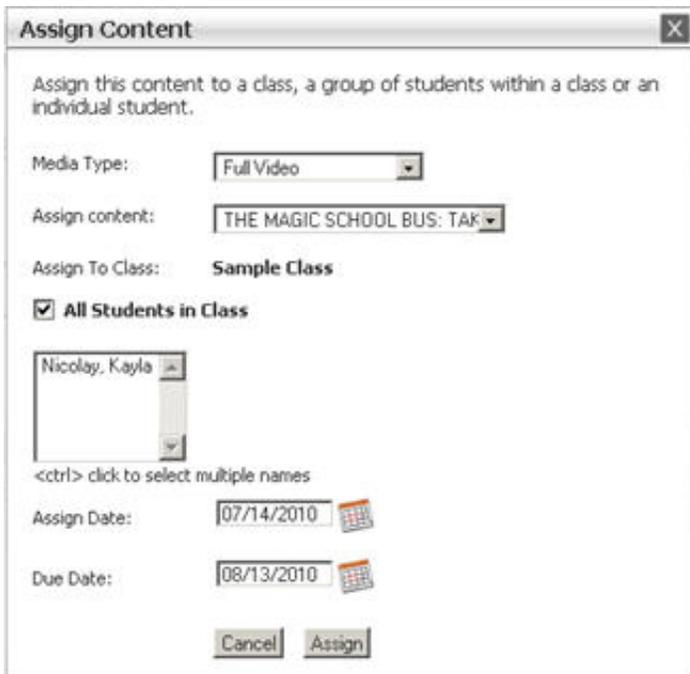

Once clicked, an Assign Additional Materials window will appear. Click on "Assign previously saved materials" to assign an item you have saved to your My Content.

To create a new assignment, quiz, writing prompt, or assessment, click on the corresponding link and you will be taken to the Builder page to create the custom item, and you will be prompted to assign the item after you build it.

If you click on "Assign previously saved materials", a window will appear where you will select the Media Type (i.e. Full Video), and then you will see a list of items you can assign from your My Content.

To assign the item to the entire class, check "All Students in Class", select the assign and due dates, and click "Assign". To assign the item to a specific student in the class, make sure "All Students in Class" is not selected, and click on the name of the student within the list. To select more than one student, hold "Ctrl" on your keyboard while you click on the student names.

### Assigning Content within My Content

To assign content to a class or student from your My Content section, click on the My Content icon near the top right-hand side of the webpage.

In My Content, locate the item you wish to assign. Next to the item, under the Actions column, there is a drop down menu. Click on the menu and select "Assign".

TYPE	NAME	CREATED	SUBJECT	GRADE	ACTIONS
Folder	Amphibians	07/14/2010	--	--	Assign Share Delete Rename
Folder	Kinder	04/30/2010	Health	0	
Folder	Kinder - English	07/14/2010	English/Language Arts	0	

When you select "Assign", a window will appear where you can select the class you wish to assign the item to. If you wish to assign the item to all students in the class, check "All Students in Class Name", choose the assign and due dates, and click "Assign".

Assign Content

Assign this content to a class, a group of students within a class or an individual student.

Assign Content: **The Magic School Bus: Takes a Dive**

Assign To Class:

Assign To Student(s):

<ctrl> click to select multiple names

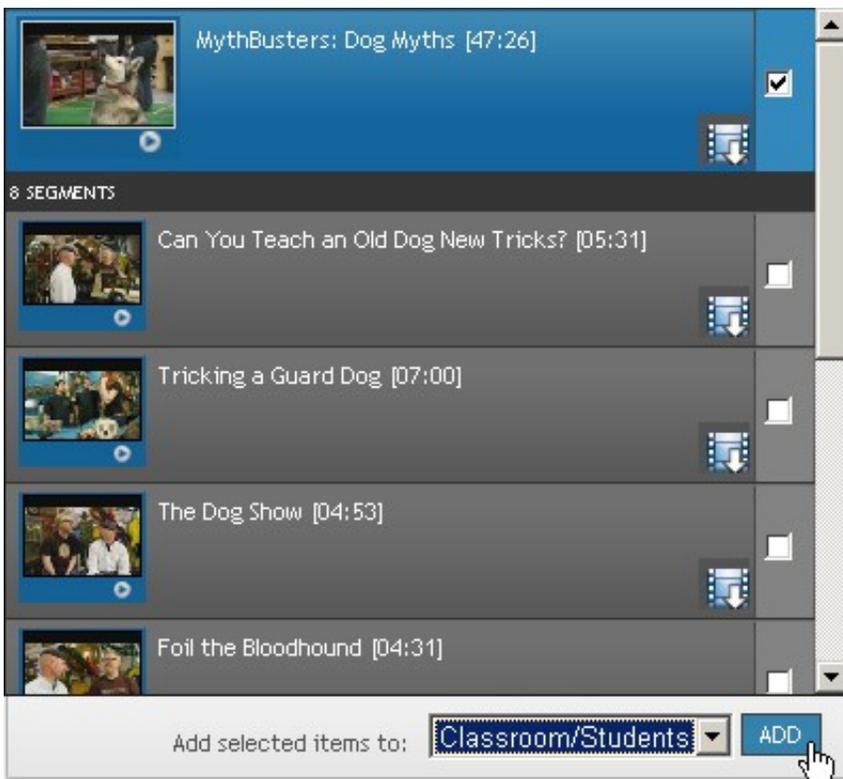

Start Date:       Due Date:

To assign the item to a specific student in the class, make sure "All Students in Class Name" is not selected, and click on the name of the student within the list. To select more than one student, hold "Ctrl" on your keyboard while you click on the student names.

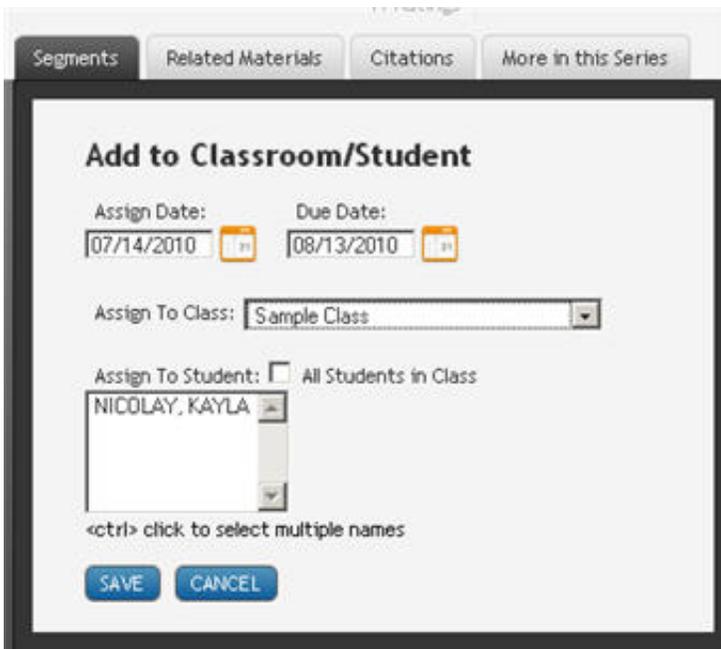

### Assigning a specific item to a student or class

Teachers have the ability to assign specific items they have found through searching, without having to save the item to their My Content.

Once you have located a video you wish to assign to your class, simply click on the check-box on full video or segment. Then, next to "Add selected items to" beneath the list of segments, select "Classroom/Students" from the drop-down menu, and click "Add".

When you select "Add", a window will appear where you can select the class you wish to assign the item to. If you wish to assign the item to all students in the class, check "All Students in Class", choose the assign and due dates, and click "Save".

To assign the item to a specific student in the class, make sure "All Students in Class" is not selected, and click on the name of the student within the list. To select more than one student, hold "Ctrl" on your keyboard while you click on the student names.
